mouseenter() | jQuery API Documentation

After this code executes, clicks on Trigger the handler will also append the message.. The mouseenter event differs from mouseover in the way it handles event bubbling. If mouseover were used in this example, then when the mouse pointer moved over the Inner element, the handler would be triggered. This is usually undesirable behavior. The mouseenter event, on the other hand, only triggers its ...

mouseenter() | jQuery API Documentation

SR Series Cloth Surface. SR is the answer for gamers that enjoy the comfort of a soft rubber base in a cloth mousepad. The newly developed soft rubber base is 100% flat, providing comfort while maintaining a consistent glide across the mousepad to ensure the best performance is met.
